Job Summary

Job Category: Post-doctoral Positions and Fellowships
Institution Classification/Type: Large Academic
Institution/Company: University of Maryland
City: College Park
State/Province: MD
Country: unknown

Announcement

Job Announcement Text:

Applications are invited for a Prize Postdoctoral Position in Theoretical Astrophysics at the Department of Astronomy, University of Maryland, College Park. Established in 2006, this postdoctoral program is connected with the Maryland Astronomy Center for Theory and Computation, whose faculty maintain active research programs in the areas of cosmology and galaxy formation, high-energy astrophysics (including compact object physics), the astrophysics of the interstellar medium and star formation, and planetary/solar-system dynamics. Candidates with a strong background in these fields, particularly in star formation/galaxy formation for the present cycle, are encouraged to apply. The successful candidate must have a Ph.D. in Physics, Astronomy, or a related field by the start date of the appointment. The appointment term is three years. A Fall 2012 start date is envisaged, but earlier dates are also possible.

To apply, please send a CV, publication list, and statement of research interests to the above e-mail address by December 31, 2011 (a single PDF is preferred). Candidates must also arrange for three letters of recommendation to be sent to the same e-mail address by this date. Applicants for this position may also be considered for other postdoctoral positions in the Astronomy Department at Maryland. For further information, please contact Prof. Eve Ostriker at the above e-mail address. AAE/EOE.

Included Benefits:

The University of Maryland's benefits package can be reviewed at http://www.uhr.umd.edu/employment/benefits_summary.cfm.
